With the Sony High-Definition camera of the future, your view on the present will become clearer. Leaving the competition in the past.

SONY[®]

The Sony High-Definition FCB-H10 Colour Camera module allows you to experience world leading picture quality and high-resolution HD images via a 1080i and 720p signal system, whilst still facilitating your current Standard Definition needs. Inheriting many outstanding features from the Sony world-renowned FCB Series, such as built-in 10x zoom lens, Auto focus and SPOT AE Function, it is ideal for applications that require dynamic, high-resolution images and flexible outputs such as video conferencing, cable TV broadcasting and point-of-view (POV) applications. The Sony FCB-H10 leads the way for the future of visual communication, leaving the competition in the past. www.sonybiz.net/vision
